Construction of kennel	£100,000

Bark Appeal

We are currently fundraising to build new kennels. These will be purpose built and designed to be the best they possibly can for both dogs and staff. Although our current kennels pass inspections and meet requirements - we want to be even better! The new facilities will also be environmentally friendly and easy to clean / maintain - which will give the staff extra time to spend with the dogs in fantastic modern surroundings. We look forward to the build and being able to improve on the already high level of service we currently offer. You can help in our project by donating to our BARK appeal on our website, via Just Giving on the help page. By sending a cheque. Or by texting BARK15 to 70070 and enter the amount you would like to give.

Many thanks to the sponsors of this leaflet...

Boarding for cats and dogs

HAPPY LANDINGS ANIMAL SHELTER

Your pet's home from home...

We aim to provide a safe and happy environment for your pet whilst they are on holiday with us.

Our dedicated staff have a vast range of experience from working with our rescue animals. We are happy to provide boarding for pets with behavioural issues or special requirements, and we have qualified animal behaviourists available to help. We are licensed and inspected by the council.

For your peace of mind there is always a member of staff on site 24 hours a day.

All boarding pets are provided with warm and cosy bedding and we are happy to use items from home to help them settle. Both the kennels and cattery have radios playing day and night to help with settling.

We can also offer day care facilities, please contact us for more information on this.

We keep to your pets routine as closely as possible. If your pet is used to 3 meals a day, or would prefer to graze this is not a problem. If your pet needs medication we can administer this as required.

When you arrive we fill out a detailed form to get as much information about your pet as possible. This includes emergency contact details. If we are unable to contact you or your nominated contacts in an emergency we will, of course, act in the best interest of your pet

Boarding rates

Dogs	Small/Medium	£10 per full day
	Large	£12 per full day
Cats		£7 per full day

10% discount for ex rescue pets

10% discount for pets sharing a pen

Kennels

Our kennel facilities include indoor heated kennels and large outdoor runs. The dogs also get use of our 1 acre exercise paddock to run and play. We can mix the dogs into friendship groups at the owners' request if they are dog friendly to make their stay even more fun.

Cattery

Cats have use of our warm and cosy cattery. Each chalet is individually heated with toys to play and multi level sleeping opportunities. They also have regular grooming days and take turns to have free range of the corridor where they can run, play and make use of the climbing towers. To make their stay even better we have a large enclosed cat garden where they can climb, play, sunbathe or watch the birds.

All pets presented for boarding must be fully vaccinated and we require proof of this on arrival. They also need to be up to date with worm and flea treatment. Unlike other boarding facilities all of the income from our boarding section goes back into the valuable rescue work undertaken by the shelter. It is our main source of funding so not only are you boarding your pet but contributing to the rescue and care of pets less fortunate than your own.

Dear old Oscar is a little dog with lots of additional needs. Happy Landings is the only place where Oscar can go when he can't be the planet willing to look after him, there isn't anyone else I would trust his care to either.
Staff have been so helpful & flexible, taking Oscar in at short notice and keeping him extra days. When we arrive he pulls on the lead to get in & see 'his mates' so I have no concerns that he is missing me when I'm away! - Cathie Owen

Our dachshunds are not just 'looked after' at Happy Landings - they are 'loved'!

We have been boarding our 2 miniature Dachshunds at Happy Landings for the last four years. They have stayed for as long as two weeks during holidays and single night 'sleepovers' when we are due to be out late.

The dogs always drag me into Happy Landings, wagging their tails and greeting the Kennel staff with great enthusiasm! They never even look back when trotting off happily to the kennel. When we pick them up, they have always been happy and healthy. - Sara J

Our four beloved cats have boarded in Happy Landings Cattery and the care they receive is exemplary. The staff are true animal lovers and are always keen to ensure the cats are settled and happy in lovely clean cosy pens. Our cats are on special diets and 3 out of 4 are on medication which the staff are able to administer. When we collect our cats they always seem settled and relaxed. Our cats are booked in for a fortnight this Summer, which means we can go on holiday safe in the knowledge that our treasured pets are receiving the best of care. We would highly recommend! - Best wishes, Cobi Snelson

"We have used Happy Landings to kennel our dogs for many years and are always very happy to leave our dogs in their excellent care. The staff are very dedicated and work so hard looking after all the waifs and strays they take in. As an example, when one of our dogs staying with them became extremely ill, just as we were boarding a plane, they looked after her whilst we were away. They took her to the vets and one member of staff even took her home for the night because she was so worried about leaving her overnight. We couldn't recommend them more highly."
- Yours Sarah

Gracie our cat was born at Happy Landings and it is here she comes when we go for holidays. Gracie always receives a warm welcome and we totally trust that she is in safe hands. We go away knowing that she will have free time and playtime and will be looked after by those who care deeply about the animals in their care. - Janet
